

# Nestlé UK Ltd

## *Nutritional Information*

### **Nestlé Goods brought into the UK direct by retailers**

Nestlé UK Ltd is part of a large international company, which produces many different products world-wide. As a recipient of the enclosed nutritional information list you will be aware of our commitment to provide up to date and correct information about our products.

Recently some UK retailers have been importing Nestlé products from both Europe and other countries without our knowledge and as a result we are unable to guarantee that these imported Nestlé products are suitable for your allergy/intolerance. While appearing to be superficially similar to their UK counterparts, there are often recipe and production differences according to the country of origin.

We can, however, guarantee that Nestlé products produced in the UK and shown on this list are suitable for your allergy/ intolerance.

For your own safety, please check the label of the product that you have purchased – even if you have eaten the product before

If you are unsure please contact us and we will do our best to help you. You can contact us free on 00800 637 85385.

Our website address is [www.nestle.co.uk](http://www.nestle.co.uk) – you can email us from the 'contact us' screen or use our callback service – 'click to call'.

All products on this list are free from meat, fish and their derivatives.  
Please note: Some products on this list have been fortified with Vitamin D3 sourced from lanolin (sheep's wool). Recourse to that information should enable you to decide whether you wish to avoid any particular Nestle product.

At the time of going to press this list is accurate, however our policy of continuous product improvement may result in changes, so we recommend you check the label.
